Nippon Times Confuses Financial Post Officials On Arrival at Tokyo

When A.A. Weaver, advertising manager, and C.C. Milne, associate editor, Financial Post, Toronto, made visits to Tokyo recently, they were photographed on arrival at Haneda Aiport, and their pictures appeared in the Nippon Times, according to the Maclean-Hunter Newsweekly.

However, the Post officials were amused in noting that the Times had called them, respectively, "editor-in-chief, Financial Post" and "editor of the Scottish Evening Times."

U.S. Watches Japanese At Afro-Asian Confab

NEW YORK.—Japan's role at the Afro-Asian conference at Bandung, Indonesia, April 18-24, is being closely watched by U.S. observers and newsmen. Especially slated to be watched closely were the actions of Japan's chief delegate Masayuki Tani, who is considered by the American intelligence as being the man behind Hatoyama's policy of "normalization" with Communist China and the Soviet Union. In American circles the chief Japanese delegate is considered to have had two years of undercover contact with the Chinese Communists. Every move of Tani is being watched by the U.S. observers for clues to future Japanese policy toward Communist countries and the United States.

In the United States, the participation of Japan in the Afro-Asian conference is considered to be the first recognition of other Asian powers to accept Japan other than as the "orphan" of Asia. The West does not consider Japan committed to any definite policy. It is because of this the American State Dept. is very much interested in Japan's role at the conference. Her role will, perhaps, resolve some of the disagreement which exists within the State Dept. as to whether it should toughen its policy towards Japan or not.

New Japan Color Movie May Outshine Jigokumon

HOLLYWOOD.—Masaichi Nagata, Daiei film mogul who was here recently for the 'oscar' presentations, discussed the release of a new color film, "Princess Yoki", starring Machiko Kyo.

The new picture is said to be even more radiant than "Jigokumon" and concerns an eighth century Chinese emperor and empress and the rebellion of 756.

General Meeting Sun. For Manitoba JCCA

WINNIPEG.—The annual general meeting of the Manitoba JCCA will be held tomorrow, Apr. 24, 2 p.m., at the Sholem Aleichem School.

Exhibition of Works By Japanese Students

Art, writing and literature representing 230 elementary and secondary schools of Japan, will be on display in Toronto next weekend, April 29-May 1, at the new Buddhist Temple, 918 Bathurst, in a unique exhibition sponsored by the local Japanese Language School. More than 10,000 items will be on display.

The display will be opened to the public on Friday evening, Apr. 29, 7 p.m.; Saturday, Apr. 30, 10 a.m.; and Sunday, May 1, from 3 p.m.

This unusual exhibition is sponsored by the Japanese government as a means of increasing cultural understanding between Canada and Japan. Local educational officials have been invited to examine the displayed work.

Folk Dance Festival To Include Odori

MONTREAL.—About 20 young people will participate with the JC dance club, Bal de Mai, in an international folk dance festival to be held next Friday, Apr. 29, from 8 p.m. at the Montreal Forum.

Clad in kimono and carrying paper umbrellas (kasa), the Nisei and Issei taking part will add the Japanese flavor to a colorful event.

Outstanding Service Awards in Making For JACL Workers

WASHINGTON, D.C. — Two new individual National JACL awards "for outstanding services" to the organization are being planned, declared Mas Satow, national director, at the Official Luncheon of the Joint Convention of the Eastern and Midwest District Councils of the Japanese American Citizens League held in Washington recently.

The awards would be in the nature of plaques properly inscribed which would be presented as features of the Biennial National JACL conventions.

One would go to the individual member who on a chapter level contributes most during the biennium to maintaining or promoting a high level of local activity that is consistent with national program and policy.

The other would go to the individual members who makes the most significant contribution to the national organization or program. This might be in the way of a suggestion for increasing membership, raising funds, promoting enthusiasm for JACL, or outlining a worthwhile national project.

To give deserved recognition to those who devote themselves to improving chapter activity and who aid the national program was the motivating reason for these awards.

Mikan Important Export From Japan to Canada

WINNIPEG.—The export of mandarin oranges is one of the most important means of making dollars available to the Japanese nation, according to S. Arai, a recent visitor here. Arai, who is completing a trade tour of Canada, is a representative of the National Federation of Agricultural Co-operative Marketing Associations, with headquarters in Tokyo.

Arai explained that his country exported a large percentage of its crop of mikan to acquire dollars to enable Japan to make needed purchases of essential materials not available in his country.

Interest Rising among Nisei In Toronto Centre Project

Interest is being aroused among Nisei sports and social organizations and other JC organizations in Toronto for the Community Centre project, sponsored by the local JCCA.

In order to ascertain the needs of the community in this project, the centre committee has issued a questionnaire to the various groups, and an optimistic response is expected.

Discussion on this project was first promoted about nine years ago. Originally mooted as a new building erection project, the plan is now one of purchasing a used building and renovating it to fit the needs of a community hall.

Financing of the project is the major problem, and a public subscription drive is expected to be organized when the requirements of the community have been ascertained and appraised. Voluntary donations from organizations and individuals have started a fund, which now totals $2,100. It is expected that the project will require about $40,000.

Organized last fall as a subcommittee of the Toronto JCCA, the standing committee has been meeting once monthly since Jan. Ed Ide and Fred Kondo are co-chairmen.

Benefit Dance Mooted

Club Rec Socratic, a Nisei social group, has proposed joint sponsorship with the JCCA chapter of a benefit dance this spring, with all proceeds going to the centre fund.

Scientists Urge A-Energy For Peaceful Uses In Japan

TOKYO.—Japan's leading scientists called last Tuesday for the speedy construction of an atomic reactor in Japan to harness atomic energy for peaceful uses.

The call was made at a meeting sponsored by the newspaper Yomiuri, Tokyo's largest daily, to discuss the forthcoming visit to Japan by John J. Hopkins, president of the General Dynamics Corp., and a group of top American atomic experts.

Meanwhile, the Japanese Science Council rejected an American offer to supply uranium concentrates to Japan for atomic research yesterday on the grounds that the conditions attached to the offer would restrict research.

The rejection came after a heated debate because of the possibility that the research may have to be carried out in secret under a bilateral treaty with the U.S.

was part of President Eisenhower's "atom for peace" program.

At the meeting Matsutaro Shoriki, owner of the Yomiuri, explained that the purpose of Hopkin's visit is to promote interest in the peaceful uses of atomic power among Japanese industrial circles.

Shoriki added that in Japan there is a tendency to think in terms of the atomic bomb and "death ashes," but that in the U.S. and Europe atomic energy is already being utilized for

Shinichiro Tomonaga, chairman of the council's nuclear research committee, pointed out that it was against the policy to the organization to carry on secret research. The U.S. offer peaceful purposes.

Yoshio Fujioka, one of Japan's leading physicists, who returned from a study tour of the U.S. and European atomic facilities, said he felt an urgent need for this country to step up its atomic research.

He pointed out that in the U.S. and Britain atomic power plants are being built to produce cheap electricity for industry. Fujioka said Lawrence Hafstad, an authority on atomic energy who will visit Japan with Hopkins, stated that atomic power plants should be built in such nations as Japan, India and Brazil as soon as possible.

A leading chemist, Naondo Kameyama, said he was pleased to hear about Hopkin's visit since it would stir up interest in the construction of an atomic reactor in Japan and lead to further research in this field.

Kameyama said the report by the team of Japanese scientists from their recent atomic survey trip revealed the need for building an atomic reactor in this country.

Taking part in the discussions were some of Japan's leading experts in the field of physics, medicine and agriculture.

The Hopkins group is scheduled to arrive in Tokyo about the 10th of next month.

UT Professor Urges Oriental Studies

Western civilization has a morbid preoccupation with itself which is a barrier between it and the Orient, Dr. W. A. C. H. Dobson, head of the University of Toronto department of East Asiatic studies said Wednesday at a meeting of the American Oriental Society.

The professor called for an increased place for Oriental studies in university curriculums.

For centuries the Western world has ignored the learning of the Orient. Now, through scientific revolution it is face to face with the very civilizations which it has disregarded, he said.

In addition to the case for increased Oriental studies which can be built on national, political, economic or religious interests, Dr. Dobson said, there is the case based on the traditional scholastic goal: to know man.

Dual Citizen Nisei In Japan Warned By American Embassy

TOKYO.—A warning to all American citizens who hold dual citizenship that they may lose their American citizenship unless they comply with the provisions of the United States Immigration and Nationality Act, was issued recently by the American Embassy in Tokyo.

The Embassy called attention to the fact that Section 350 of the Act, having to do with this problem, takes effect on Dec. 24, 1955, and with some few specified exceptions will automatically rescind citizenship rights at that time unless certain actions are taken by the individuals concerned.

Some of the reasons for which exemptions are allowed include employment with the U.S. government, or with an American firm, full time studies, ill health, and extend also to the spouse and children of persons residing abroad for one of these reasons, and to certain veterans of the United States armed forces.

Section 350 applies only to American citizens who acquired dual nationality at birth and who have continuously remained dual nationals.

Persons who might be affected by the provisions of the section are advised to consult with the American Embassy or the Consulate of the district in which they reside as early as possible.

Impressions At Calcutta

By JOE MIYAZAWA

(A report to the International Woodworkers of America)

AS the delegate nominated by the Canadian Congress of Labor, I had the privilege of attending the International Seminar on Workers' Education, sponsored by the International Confederation of Free Trade Unions. Heretofore, seminars of this type were always held in Europe, but this time, the seminar was held in Calcutta, India.

There were 22 delegates representing 22 countries. We had delegates from Italy, France, Belgium, Scandinavia, various parts of Africa, from the South Americas, and from practically all parts of Asia - Japan, Malay States, Pakistan, Thailand, India and the Philippines. Canada was well represented; we had Gower Markle, education director for Canada of the United Steelworkers of America, myself, and a former Canadian in the person of Jim Bury, former secretary of the Vancouver Labor Council, at present on the IFTU's staff working in Africa.

It was extremely fortunate that English was the language to be used in all sessions. However, it did take a few days to get accustomed to the many and varied accents used, along with the realization of those of us from Canada, that our provincialisms and slang were not understood by others. But, all in all, we had no difficulty along this line.

It might be said that we Canadians took quite a prominent role in the various groups, with both Brother Markle and myself being chairmen of a particular group and Brother Bury the secretary of one group.

I think it was especially significant that we from Canada, due possibly to the fact that the trade union movement here in Canada has done and is doing more than most other countries of the world on the question of education, were able to give advice and guidance to those other delegates.

The one very disturbing factor I noted at the Seminar, which exists in varying degrees throughout Asia, is the very theoretical and philosophical approach and attitude on all matters—in this connection trade union leaders are no exception. At the very outset of the Seminar this attitude was very pronounced. Time and time again, Asian delegates would speak, in very flowery and philosophical terms, about the trade union movement; in other words, with 'pie in the sky' ideas. They spoke at great length about what the trade unions should be able to do in the distant future, not what trade unions should do today, tomorrow, or next year.

Perhaps again, we Canadians are prone to be a little too practical in our thoughts. However, in the final analysis, I am glad to say, we were able to inject some of our practical ideas across, with the result that the Seminar did agree that trade unions, especially in Asia, should approach their many problems in a practical manner.

This seminar proved one thing to me: that working people from all over the world, regardless of their race, color, creed or religion, can get together and work in harmony for the common good of all.

Oriental-Caucasian Romances No Longer 'Taboo' in Movies

By LARRY TAJIRI in the Pacific Citizen

THERE'S an augury for a more realistic public attitude toward miscegenation—intermarriage—in Hollywood's forthcoming films about Oriental-Caucasian love affairs, several being in the offing. The motion picture industry often is a weather vane for prevailing public attitudes, and miscegenation has been something of a taboo for quite a while.

The interracial love story with an unhappy ending—hoping to prove, probably, that no good can come of such alliances—has been made by the movies, and Paramount's **Madame Butterfly** from the Luther Long play and not from Puccini's opera, is an example. Sylvia Sidney was Cho-Cho-San and Cary Grant was Lieut. Pinkerton in that particular adaptation back in 1932. Almost a decade before Paramount's **Butterfly**, MGM made **Broken Blossoms** in which Richard Barthelmess played the part of a Chinese in love with a white girl. This particular drama had something of a happy ending, when it was discovered—at its climax—that Barthelmess wasn't an Oriental after all, and had only been adopted by a Chinese family. This sudden transformation, from Asian to Caucasian, made Barthelmess' romance acceptable under the mores of the America of the 1920's.

In this new cycle about Oriental-Caucasian romances, the films do not necessarily have a happy ending, but the pictures promise a more affirmative attitude. Already showing is a British import called **The Purple Plain**, from H. E. Bates novel of the same name. The love story here features Gregory Peck as an AF squadron leader who has crashed in his plane behind enemy lines in Burma, and Win Min Than, the Burmese beauty who saves his life and his sanity.

Twentieth Century-Fox has two major pictures with Oriental backgrounds in production. One is **House of Bamboo**, much of which was shot in Tokyo and co-stars Shirley Yamaguchi, Robert Ryan and Robert Stack. The picture, in which Sessue Hayakawa returns to the American screen, was directed by Samuel Fuller who made **The Steel Helmet** three years ago and who incorporated into that picture of the Korean war several telling blows against bigotry. He made one of his major characters a veteran of the 442nd Combat Team named Tanaka.

The other 20th film is **A Many Splendored Thing**, Han Suyin's reportedly autobiographical novel of the romance of a Eurasian woman and a British journalist in postwar Hongkong. Miss Han is a woman physician who now lives in Malaya. She will be portrayed on the screen by Jennifer Jones, while William Holden will be the newspaperman whose nationality, for cinematic reasons, has been changed to American. The picture is still in production, but reports already mark it as one of the major releases of the coming season. It is color and the CinemaScope eye, roving across the multitudes, has caught some of the spirit and wonder that is Asia. Han Suyin's recital is of a bittersweet romance, and the producers have promised to transcribe it faithfully to celluloid.

Also in production in Japan is Columbia's **The Gentle Wolfhound**, in which Aldo Ray and Mitsuko Kimura portray the film version of the true-life love story of Master Sgt. Hugh O'Reilly and a girl named Yuki, and how the romance changes a bigoted soldier into a man who devotes his non-duty hours to helping out a Catholic orphanage in Osaka. **Gentle Wolfhound** is an offbeat story of how a tough American regiment adopts a Japanese orphanage through the influence of Master Sergeant O'Reilly.

MISS KIMURA'S own story is a Cinderella tale in itself. She was a poor Tokyo girl who once posed for a Life photographer. Her picture made the cover of a special Asia issue of Life in 1951 and she found herself a movie actress with the leading role in a joint Japanese-American production called **Forever, My Love** about a GI's love for a Japanese girl.

The picture hasn't been released in the United States as yet, but may show up one of these days on a Late, Late Show on television. In true life, Miss Kimura is married to a Nisei from Salt Lake City, Ken Fukunaga. She has announced she is abandoning her movie career after **Gentle Wolfhound**.

A GI bride herself, Miss Kimura will go with her husband to Utah and a career as an American housewife.

Miss Yamaguchi, of **House of Bamboo**, was the star of a 1952 film which preceded the present cycle and also defied Hollywood's usual concepts on miscegenation by having a happy ending. This was **Japanese War Bride**, in which she was the wife of a GI, played by Don Taylor, and returned with him to the hostility of a farming valley in California. **War Bride** was written by Anson Bond and directed by King Vidor who bravely anticipated change in public attitudes regarding intermarriage. (It was televised in Los Angeles this past week.)

Community acceptance of the upwards of 10,000 GI-Japanese couples who have made homes in the United States since V-J day demonstrates a change in the general outlook toward miscegenation.

Hollywood's changed perspective—the recent 20th film **White Feather** also defies the intermarriage taboo by having an Army lieutenant in a western film marry a full-blooded Indian girl—may help create an atmosphere in which antiquated anti-miscegenation laws can be repealed.

Racial intermarriage is still prohibited in such states as Oregon, Nevada, Arizona, Idaho, New Mexico, Montana and Wyoming in the west, as well as in the Deep South and in some eastern and midwestern states. It's certainly time for a more realistic attitude toward miscegenation.

thar she blows!

(A column dedicated to facts and ... maybe and maybens)

By T. M. K.

THE GIST of recent conferences among the educators of our two countries, Canada and the United States, seems to be that there are more college degrees than there are educated graduates of those schools of higher learning. That statement is, admittedly, very [illegible] and over-simplified, but the gist of that gist is true.

Uncounted years ago, when the word 'school' meant only homework and cranky teachers and inky fingers, I heard a remark that has stayed in my mind because it was a puzzle at the time, and it took my slow motion mind a couple of decades to work it out. The remark was "If you want an education you don't go to technical schools, you go to the regular high schools." It was explained to me that technical schools were trade schools, a sort of modern day apprentice shops, and were strictly for the kind of people who had to work (work! poor souls [illegible]) for a living. There was a distinction that escaped me, and still escapes me.

Now, the educators are shaking their heads over what they call 'over-specialization'. After a few questions here and there to get the meaning, we find that universities are turning out specialists in various fields of higher maths, and sciences, and what-nots and whatevers, even going so far as to make the degree of Ph.D. a dime a dozen because whoever got that one, while being a recognized specialist in a certain and very restricted area of research, still is not qualified (of a certainty!) as a philosopher. The B.A. degree is now not so much the envy of others, but merely a hurdle to get over to get the M.A. and the Ph.D. in anything from "bugs" to real, honest-to-goodness philosophy. On graduation day we envisage a long string, or line-up of specialists, getting ready for the race to the best stall of hay. The graduates in 'liberal arts' are gazed upon askance. What are they good for?

If those 'specialist' grads would restrict themselves to their own field, or if they would take the trouble to get a real education before, during or after their course of specialization, the complaints would not be as general as they are now. Only the odd one like Dr. Kinsey could be chastised for wandering out of his pasture. The problem grads are those who have a legitimate degree for something explicit but who try to use it to include everything else, without their having the proper qualifications. The world needs their specialized talents and training very much. No one is going to deny that. However, it is presumption, ignorance, and arrogance for the uncultured, uneducated M.A. in electrical engineering to scorn the graduate in Arts who may have acquired a truer education as a whole person, even without an M.A. in semantics, or Victorian drama or whatever.

Are the universities only high-grade technical schools, or are they seats of learning, of real education for the whole man? Can they combine first-class specialization and first-class education in one student, in each student? These are the problems that come up in those conferences on education.

The point of this column, for those who think a degree covers a multitude of sins, and for those who are apologetic because they haven't a degree, is this: Education usually begins after graduation for those who expected the degree to be the end of it, if they are intelligent enough to realize this. To be truly educated [illegible] need the stamped and ribboned diploma, [illegible] though it is a coveted bit of polish and [illegible]. Nonetheless, a university course should be [illegible] goal and should be available to all those [illegible] have the qualifications for that higher training. We need educated leaders.

古い聖地と新い聖地（上）

世界一周旅行記（五）

清水生

聖地に於ける一週間

四月五日聖地に始めて土を踏んでから既に一週間になる。大体に一通り興味ある所は見廻つた。狭いカナダや米國から來ると、聖地は狭い。それに今日では道路が改良され、新しいダッジやクライスラーで廻るのだから大して時間はかからない。四月六日はユダヤ人の祭日なので一日休んだ。今はテラヴーダと言うが、昔はヤッパと言つたこの[illegible]が屋根の上で断つて幻を見たと聖書にある處である。

七日にはクック観光社の案内者が來て、それから三日間は付き通しでガリラヤ地方の有名な名所をドライヴしながら案内し、説明して呉れた。この案内者[illegible]たことは最も幸[illegible]。彼はドイツ系ユダヤ人で、[illegible]ンダの大學に就學中戦爭により、兩親の行方は今尚判らない。この地に逃げて來たと言う。實に紳士的學者で、生きた辭典のようで、歴史、宗教及び考古學に詳しい。ドグ・アグニと言う人である。彼と親しくなり、古跡を訪れるばかりでなく國民の今の實狀について種々學ぶ事が出來た。殊に農村に於ける二つの試み、組合的村と共産的村（コレャの機な政治的共産主義でなく、トルストーイの精神を汲む精神的共産主義）を二、三[illegible]見て感じる處が多かつた。

ガリラヤにはオレンジ、バナナ、大麥、小麥、ブドウ等が作つてある。

彼に連れられて昔パウロが入獄、ローマの總督ペリクスの前で自己の立場を論明したカイザリア、從度々破壊されては建ち、建ちては破壊されたが、今は考古學の材料になる石のみが殘されている。それからエリアとバアルの僧と宗教的決戦をしたカルメル山（私はその山上に新築された立派なメソヂスト・ホテルに二泊した）でイエスが青少年時代を過されたナザレの町（今は人口二万人）の町、[illegible]ヤ人ばかりで[illegible]三分の[illegible]宗[illegible]他は[illegible]人は[illegible]、ガリラヤ湖、その湖邊にある山上垂訓の山及び[illegible]を訪問した。カ[illegible]は相當の町であるが、[illegible]時代に[illegible]かつたことであるが、約二十年前フランシスカン宗の人々が發掘を始め、イエスが説教された會堂（シナゴグ）を掘り出した。その圓柱に書かれた彫り物によつて本物である事が證明され、同時にその近邊に掘り出された多くの家具、水入やヒキ臼等と共に古考學の尊い材料とされている。そのほか舊約聖書に名高いメギッド[illegible]とガリラヤにある。

交渉地は米國以外第三國を提案
ソ連の回答に同意し日本はロンドンを希望か

【東京時事通信】ソボレフ・ソ連國連代表が、今週澤田國連大使に手交したソ連側の回答に關する澤田大使の報告が外務省に到着したが消息筋ではソ連側の回答は交渉地を米國以外の第三國の都市、とくにジュネーヴかロンドンのいずれかを提案してきたものとみていたところ、重光外相は記者會見で、ソ連側が日ソ交渉の地をニューヨーク以外の第三國を提案してきたことを明らかにした。しかし日本側がこの提案に同意することは確實視されている。この同意の回答は、數日中に澤田大使を通じソボレフ國連代表に手交されるはずで、その際日本側から具体的な交渉地を新たに提案するものとみられる。外務省首脳部の間では、目下ジュネーヴ、パリあるいはロンドンなどの候補地を慎重に檢討中で、まだいずれにも閉つていないもようだが、東京との連絡に便利で、しかも日本の在外公館の陣容が整つている出所という點を考慮してロンドンを希望する意向が強い。

同情集る
中共首相の演説

【バンドン發】周恩來首相は「バンドン會議で巧みな演説ぶりを發揮、有色國代表間の人氣をさらつた。中共代表はこの會議にケンカを吹きかけにきたのでなく、また台灣問題について要求しにきたものではない」と述べ又國連加入をはばみ、臺灣問題に火をつけるのは米國だと攻撃、各代表の同情をひいた。他方セイロン國のコテラワラ首相は、臺灣をコロンボ計畫參加五カ國とシャトー二カ國並に中共を加えた八カ國により、五カ年管理下におく提案を行いその工作にのりだしている

平和と經濟協力
日本代表がバンドンで演説

バンドン會議の日本首席代表高碕經濟審議廳長官は平和的交渉により國際紛爭を解決する途を見出すよう要請、次の如く述べたと時事通信は報じている。

▽今日世界がもつとも必要としていることは世界のいかなる地域でも互い相協調し各種國際紛爭を平和交渉で解決する慣習を確立することである。アジア、アフリカ諸國はこの點で一つの模範を示すべきだと思う。もし各國が戰爭を放棄しなければ戰爭が各國を放棄するであろう。

▽本會議參加諸國は戰爭に導くような國際緊張の諸要素を冷靜かつ慎重に檢討しこれら諸要素絶滅のため眞心から協力すべきである。日本は第二次大戰における生命財産の莫大な損失によつて教訓を得た。日本は與えられた自由を得て今日では完全に平和なる國家になつている。

▽アジア・アフリカの諸國は國民の生活水準向上のため經濟力を建設するとともに相互の理解を含めるために文化交流と經濟協力を強固にし生活を豊かにしなければならない。このため日本は平和宣言と經濟文化協力を行うべきことを提案するつもりである。

日本紹介 特集號を發行
一流經濟紙が五月七日付で

第八回カナダ國際貿易博はいよいよ月餘に迫つているが、今年のフェア出品豫約スペースは昨年よりぐんと増加、とくに國内業者の出品がハイライトの一つとされている。日本側の出品商社は約百社、ブースは三十の多きに及び商品、觀光、日本文化の宣傳を行うが、今年はとくにカナダ一流の經濟紙フィナンシアル・ポスト紙(發行部數六万五千)が五月七日付で「日本特集號」を發刊、カナダ全國の一流經濟人の購讀者に「日本品の紹介」を行うと共に、フェアに於ても世界各國よりの來會者全部に配布することになつている。このプランには外務、通産兩省とも積極的に協力、兩省ともそれぞれ一ページの廣告出稿を確定しているし、また同紙の廣告部長ウイーバー氏が(編集次長ミラン氏も)四週間にわたり渡日、電通とタイアップしてカナダ關係の日本商社から親善廣告を集めたものでミラン氏の日本訪問記は興味深い讀物となろう。なお訪加通商使節團一行十八名は來週出發、各地で商談をまとめながら東行、フェアを見學することになつている。

七月までに全國學童百五十万をワクチン

【オタワ發】カナダのサルクポリオ豫防注射液の生産プログラムは來る七月一日までにカナダ全國の學童百五十万をワクチンするに足る量を目的とされており、夏季のポリオ・シーズンがはじまる前に全國十六才以下の學童の約三〇パーセントに注射を與える計畫だとマーチン保健相は今週の議會で發表した。今後二、三カ月間内にかかる多數の學童をワクチンし得ることは米大陸ではカナダのみであると述べ、トロント大學のコノート研究所が現在手持ちの豫防液で七十五万人の注射ができ、七月一日までに更に七十五万人をワクチンするに足る豫防液の生産が見られると語つた。目下カナダの各州にわたりポリオ豫防注射が行われているがサルク博士の進言にもとずき二回連續注射ののち七カ月後にブースター・ショットを行う方法に從つている州が多いが、ノヴァスコシヤ、アルバータおよびビーシーの三州は三回連續をつづけることになつている。

ベビー密賣
一人當り四千弗で

末婚の年若い姉妹をモントリオルからこつそりトロントに運び、私立病院で子供を生ませ、その赤ん坊を一人四千弗で賣り捌つているとみられるベビー密輸團のあることが確められつつある。モントリオル市警察當局に入つた情報では、モ市内の結婚していない若い婦人で臨月の者を一週間一回づつトロントに自動車で運び、婦人に百弗ないし二百弗と費用を支拂い、私立病院でベビーをこつそり生ませたのち、このベビーを四千弗で賣買しているとのことであり、現にモ市のある主婦は、娘が二人の未知の人に連れられ、トロントへベビーを生みに行つたと洩らしている。

米あわてる
臺灣休戰の噂

【ワシントン發】台灣休戰問題に反對だと傳えられる國府側の意向を打診するためと、臺灣對岸の中共沿岸にソ連製新鋭ジェット機の集結が報じられたために、ラッドフォード米統合參謀議長は、ロバートソン國務補と共に今週急據台灣に飛んだ。ダレス長官は「別に何事もない、打合せに行つたのだ」と述べているが、ラッドフォード提督の臺灣行きはきわめて重視されており、休戰に文句をつける蒋介石に苦い藥をのませるのが使節團の使命だろうとみられている。

勞組統一へ
シーシーエフ有利

【オタワ發】カナダの二大勞働團体の統一はいまや全く必至となつた。すなわち二日間にわたつたオタワにおける「統一會議」の結果、カナダアン・コングレス・オヴ・レーバー(四十万メンバー)とツレーヅ・アンド・レーバー・コングレス(六十万メンバー)の統一問題には何一つ不同意はないとの結論を發表、早ければ今年中に、おそくとも來春までには兩勞働團体の統一合併が實現することになろうとみられており、シーシーエルはその政治的闘爭をシーシーエフ黨に求め、一方チーシーエルはその政治的活動は中立的であるが、統一實現し、シーシーエフ支持へ歩調をそろえることになれば、シーシーエフの將來の選擧は有利に展開するものとみられている。

湖水を飲料に

オ州政府ではちかごろ水キキンに悩んでいるオ州内のロンドン、チャザムなど西南地方に充分の給水を行うためレーキ・エリーおよびレーキ・ヒユロンから大々的な汲上げ設備でパイプにより配水する下プランを練つている。現在、この地方の都市の飲料水は地下を掘下げて得ているもので、このため農地はカラカラになつているといわれる。

半年強制教練
オタワ議員提案

【オタワ發】新聞記者出身の晩市選出議員エ・モア・フイルボット氏(自由)は二十一日の下院で國内の青年二万ないし四萬に半年宛北部カナダで強制的な軍事教練を施すことを提案、自由黨議員から賛成を得た。フィルボット議員の提案によると冬季間十一月から四月末又は五月までの約六カ月間國内の獨身青年に毎冬基礎的軍事教練を與え、その期間がすめば希望者は各自の仕事にかえるか、また軍隊に居殘りたいものは、一旦除隊されてからのち志願するという骨組みで、事實上强制的な徴兵となるわけである。

はなし

△オタワの議會で各派議員が揃つて賛成した一件が起つた。シーピーアールが月曜に初運轉する新ディゼル列車のパス(議員にその特權がある)はこの際返還して貰いたいと國會側から申入れたのに對しそんな申入れは無視すればよいとコールドウエル議員が言えば全議員がテーブルをたたいて賛成した。

See Torrid Action in Finals; Bird Seedings 100 pc Correct

(Thursday)—Highlighted by a very good calibre of play, the 8th Nisei Badminton Open is now going into its last rounds after three hectic evenings. No entries have been able to walk off with anything, and Saturday will see some torrid action in finals of all events.

The draw committee is certainly to be congratulated for excellent prediction; to date, seedings in all events have been 100% correct. Seeded players have had to go all out, nonetheless.

First champs to be declared are C Mixed Doubles: Frances Koyanagi-Fred Kitagawa, who nosed out Hiro Umetsu-Geo. Takahashi, 15-7, 15-5.

LADIES' SINGLES: Finals slated Friday, was a replay of last year's finals with champ Toshi Takasaki meeting challenger Kay Ogaki; earlier, Toshi was on the verge of upset by doubles teammate Toki Yonemitsu.

MEN'S SINGLES: Tad Miura flashed the form that led him to championship 2 years ago, overcoming Tosh Uyeda's strong bid, 15-10, 15-10, to become first semi-finalist; other 3 spots yet to be filled: Champ Roy Shin vs. Sab Morita, winners to meet winner of John Tanaka vs. Frank Matsui (who had the time of his life turning aside the strong bid of newcomer Johnny Takeda, 7-15, 18-14, 15-5).

In the bottom bracket, Tosh Kitagawa meets Shig Tanaka, winner to meet Tad Miura. Tanaka ousted veteran Matt Matsui in 3 hard-fought sets.

LADIES' DOUBLES: At the semi stage, Toki Yonemitsu-Toshi Takasaki will meet Sue Iwasaki-Shirley Shimizu in the top bracket. In the bottom half, Mary Ebata-Marie Koyanagi will meet Kay Ogaki-Chiyo Takeda. A new champ will be declared this year as last year's champion team (Mary Ebata-Lucy Takatsu) is not competing together.

MEN'S DOUBLES: This event has been probably the most strenuously fought event of the tourney, with battles waged furiously from opening rounds. Seeded duos have been given scares before coming out on top.

Defending champs Miura brothers got unexpected opposition from Tosh Omoto-Paul Hiramatsu before winning in second round, 17-14, 15-9. Tad and Johnny now meet Tosh Uyeda-Oscar Hatashita in the top bracket. Uyeda-Hatashita were very fortunate to come through against Tom Iwasaki-Tosh Bando coming from behind to win, 15-11, 18-15.

Roy Shin-Tosh Kitagawa virtually had to fight their way out of possible defeat when they met Geo. Takaoka-John Takeda in the second round, 12-15, 15-8, 15-4. Roy and Tosh will meet many time champs Johnny Tanaka-Frank Matsui in the bottom half.

MIXED DOUBLES: Wednesday night saw 3 semi-finalists declared: Champs Kay Ogaki-Tad Miura, Sue Iwasaki-Shig Tanaka (who had a terrific match with Ebata-Uyeda, 6-15, 15-12, 15-12) and Toshi Takasaki-Johnny Miura (who got unexpected opposition from Mary Saito-Matt Matsui, 15-9, 17-14).

At the bottom of the bracket, Chiyo Takeda-Roy Shin were slated to battle it out with Shirley Shimizu-Tom Iwasaki in finals. Shimizu-Iwasaki barely nosed out Leiko Miyake-Sab Morita in the hardest fought match in this event, 3 deuced sets, 14-17, 18-13, 18-15. The winners were in no condition to continue into the quarter final match on Wednesday.

South. Ont. Judo Meet

HAMILTON.—8 Southern Ontario clubs will participate in the third annual Hamilton Judo Tourney slated tonight at the YMCA from 7:30. The Hamilton Y club will play host to London Y and 5 Toronto clubs: A. V. Roe, YMHA, Kidokan, West End Y, and Broadview Y.

Team competition, individual competition and various demonstrations make up what should prove a highly entertaining and interesting program.

Hockey Season Ends For Nisei Flyers

Nisei Flyers ended their 1954-55 puck campaign last Tuesday when they wrote their obituary with a 6-2 real sudden death at the hands of Roscoe in King Clancy Intermediate semi-final in their section. Geo. Anzai made a sparkling rink-length rush for one goal, while Ken Edamura counted on a pass from Yuki Kameoka for the only Nisei scores.

Flyers will hold a wind-up banquet on Sat., April 30.

Nisei Finishes 32nd

BOSTON.—Kiyoto Takaoka of the Canadian Navy, Cornwallis, N.S. tabbed a "mystery runner", finished 32nd in the 59th Boston Marathon Tuesday. A surprise entry, Takaoka joined the 159 other runners on Friday, Apr. 15.

Sixteen Work Out At Initial Practice For Honest Ed's

An enthusiastic turnout of 16 players worked out at Christie Pits last Sunday at the first practice called by Manager Sub Miike for his Honest Ed's entry in the Western City Senior League of Toronto. Second practice was rained out on Wednesday, and the next session is called for tomorrow morning, 9 a.m. at the Pits.

Any and all Niseis interested in playing senior ball are encouraged to try out. Sub and coach Mas Mori and Joe Koyanagi wish to have the best Nisei talent in Toronto to organize their team.

Returnees from last year's Westerns nine included Mas Mori (1b), Major Fukumoto (ss), Yuki Kameoka (c), Aki Hayashi (of), Russ Cunneyworth (p). Other familiar faces included Kay Tanaka (of), Sho Mori (3b), Yank Lipka (p) and Ike Shiozaki (of). Mas Nakano (if) and Hiro Izumi, lone Nisei hurler to date, were among newcomers.

"Bullet Joe" Brown, who was released in midseason by Westerns last year, has signified his desire to try out with the Niseis.

FIDELIS FLASH!

HAMILTON. — Heads up! Here's the BasketBALL coming in just 2 weeks, and with it, the fliest show of hoopsters assembled in one arena. The line-up indicates a fast-moving set of matches on April 30.

The Western Ontario teams, both hungry for revenge after the Apr. 9th preview at Chatham, will be spearheaded by the Tricky-Seki twins for Chatham and Art Suzuki for London. The afternoon promises to be interesting, too, because Toronto's Kiyo Shigetomi and George Shiozaki content they can't be beat, and Hamilton's Frank Shimoda says we can't lose.

The Hamilton gals aren't taking their first loss at Chatham with Stoic grace, either. The Phfft's feel they can do better on the home floor, and the London ladies had better take that as a warning, not an excuse. Zion United Church gym will be the battleground from 1 p.m. and 5 major skirmishes should be enough to decide a champion in the hoop-olympics.

A truce will be called at St. Stephen's Hall, Mary St. There the Basket-BALL will commence at 9 p.m. and everyone is welcome. Let's keep that date open: April 30.

Week Left for Entries In Toronto Sunday Ball; Umpires Also Needed

Two additional entries are wanted for the Toronto Nisei Sunday Baseball League to add to Yamadas, Giants, Busseis and Royals, to make a 6-team loop. Anyone interested in entering must contact Tosh Sakamoto (ME. 6927) by Sunday, May 1.

Furthermore, any available umpires are asked to contact Tosh. The league will open its schedule of 15 games on May 15. All players wishing to play this year must be signed by the June 12th deadline. —TS

Alberta Niseis See Busy Season Ahead In Senior Baseball

LETHBRIDGE.—The Alberta Niseis Baseball Commission, which directs the activities of the Niseis ball club, has decided to continue to pursue its policy of "social assimilation through sports" in the 1955 season.

The Niseis, always a strong contender in Alberta Senior company since their inception 3 years ago, have received full use of Henderson Ball Park through the good graces of the Lethbridge City Park Board. The team will see action in the Big Six Baseball League.

A meeting of commissioners on Sunday, Apr. 17, elected the following officers: Kyoto Shigehiro, president; Push Matsumiya, vice-president; Ted T. Aoki, business manager; Mike Tobo, assistant mgr.; Tom Medomura, treasurer; Sus Nishikawa, assistant treas.; Tad Kawasaki, statistician; John Kanashiro, assist. statis.; Miss Jene Endo, gate and concession supervisor; Tats Aoki, publicity manager; Ray Saito, equipment mgr.; Walter Koyanagi and Ken Tsujiura, commissioners at large.

The Niseis hope to bolster their line-up with additions of several players from the southern area. All players are invited to attend try-outs which will commence this Sunday, Apr. 24, and continue weekly until league play commences. All positions will be filled by try-outs; none are filled as yet.

Hamilton Sunday Loop Wants Ballplayers!

HAMILTON.—Baseball will resume for the 1955 season with a practice session to be held at Eastwood Park on Sunday, Apr. 24. All players interested in taking part are asked to assemble at the ball park at 1:30 p.m.

As in previous years, the executive finds that the number of prospective ballplayers falls far short of the minimum requirements of the 4-team Sunday League. Last year's participants can help to ease this situation by contacting players who would like to play Sunday baseball.

All new players will be welcomed with open arms! —TF

Toronto Ten Pin Loop Set to Expand

An expansion to allow for more teams is in the making for the Toronto Nisei Ten Pin Bowling League for next season. Any team entries, or interested individuals are asked to contact Aki Takahashi (RI. 4961) or Toki Toyama (OX. 9-9432).
